

THE KIDS CLUB

PLAY ZONE

Magical forest-themed play zone rich in interactive and sensory elements that inspires children to play, learn and create.

CLASSES

Our immersive curriculum focuses on art, movement, cognitive development, wellness, mindfulness and sustainability of the world in which we live.

We've partnered with award winning baby and toddler class experts Monkey Music and Fixation Academy of Performing Arts to provide exceptional, fun and educational experiences.

CRECHE

We have equipped our crèche with a variety of learning resources to enrich children's development in language, mathematics and the world around them through games and activities. While kids are playing in the crèche parents can enjoy well-earned 'me time' upstairs at The Spa and The Wellness Clinic.
