Nicotinamide adenine dinucleotide (NAD) is one of the most essential molecules in your body that powers metabolic processes and impacts a wide variety of systems, including digestion, cognition and mental clarity, ageing, and overall energy levels. It is found in more chemical reactions, in every single cell, than any other vitamin-derived molecule.

Best for: Skin health • Increases physical energy levels • Improves cognitive function • Fatigue • Activates enzymes that promote healthy ageing
Average time: 45 – 60 minutes **Fluid:** 250ml

LIMITLESS NAD IV +

One treatment - £450 | Course of 3 - £1215 | Course of 5 - £1912

NAD+ IV Therapy is specifically formulated to boost your body's levels of NAD+ to increase your energy levels, boost your metabolism, and improve focus and concentration.

The Limitless IV Drip is powered by NAD+ a metabolic co-factor found in all living cells. NAD+ has been shown to improve mental functioning, and concentration, boost mood, aid recovery and detoxification, and assist the body with healthy ageing.

We use only the highest quality NAD+, which is imported into the UK. Other companies may use NADH which has been shown to be less effective and is 1/3 of the price when purchased from drug companies.

This drip includes any other drip from our selection. You may choose to have a bespoke drip. We have a vast library of over 100 amino acids, vitamins, electrolytes, analgesic drugs, painkilling drugs and anti-sickness drugs to protect, promote and restore your health. Of note, every drip we do is bespoke and prescribed by a Doctor after a full medical consultation in which your medical history, allergies and requirements are reviewed.

Best for: Detoxes and reduces chronic fatigue • Energises and increases concentration • Detoxes and reduces chronic fatigue

Average time: 45 – 60 minutes **Fluid:** 250ml
